

Did the USSR Bolsheviks destroy any synagogues or only Christian churches?

From the 1939 book, *Democracy and World Dominion* by American historian Edwin Schoonmaker:

"Fifteen years after the Bolshevik Revolution was launched to carry out the Marxist program, the editor of the *American Hebrew* could write: 'According to such information that the writer could secure while in Russia a few weeks ago, not one Jewish synagogue has been torn down, as have hundreds--perhaps thousands of the Greek Catholic Churches...In Moscow and other large cities one can see Christian churches in the process of destruction...the Government needs the location for a large building,' (*American Hebrew*, Nov. 18, 1932, p. 12) Apostate Jews, leading a revolution that was to destroy religion as the "opiate of the people" had somehow spared the synagogues of Russia." (p. 211) -

Addendum: Contrary to western thinkers like Hannah Arendt who gave Stalinist USSR as an example of the horrors of the totalitarian state :Roger Scruton points out: "We should not deceive ourselves into thinking that totalitarianism is simply a twentieth-century phenomenon, or one invented by Lenin" . Hence Scruton describes the USSR Bolshevik regime as totalitarian and initiated by Lenin .

And it is Lenin who is responsible for the slaughter and holocaust of Slavs starting under his regime, engineered by a coup as opposed to being a revolution of the Slavs, as western historians described it in order to cover up the criminality of the Bolsheviks. This systematic slaughter of Slavs continued under Stalin's Jewish dominated junta with the greatest perpetrators being Yagoda and Kaganovich, the two the greatest mass murderers of the 20th century.

Western historians have tried to cover this up as it is an inconvenient truth.

1919 U.S. Army Intelligence on the Jewish role in Communism.

US Military Intelligence officer, one captain Montgomery Schuyler, sent two reports to Washington in March and June 1919, describing in graphic detail the Jewish role in the Russian Revolution. Both these reports were only declassified in September 1957 and the originals are still held in the US National Archives in Washington, open for public inspection.

The first report, sent from Omsk on 1 March 1919, contains the following paragraph:"it is probably unwise to say this loudly in the United States but the Bolshevik movement is and has been since its beginning, guided and controlled by Russian Jews ..."

The second report, dated 9 June 1919, and sent from Vladivostok, said that of the: "384 commissars there were 2 Negroes, 13 Russians, 15 Chinamen, 22 Armenians and more than 300 Jews. Of the latter number 264 had come to Russia from the United States since the downfall of the Imperial Government."
